C-A35M/2RAM

3.5mm to 2 RCA Breakout Cable

Kramer's C-A35M/2RAM is a simple adapter which has a stereo 3.5mm connector at one end, and two male RCA connectors at the other. It provides passive conversion between 3.5mm and dual RCA connectors, most often adapting a PC sound card or MP3 player to the audio inputs of a sound system or display device

FEATURES

- **Quality Construction** - Molded male dual RCAs on one end and molded 3.5mm on the other
- **High-Quality Connectors** - RCA connectors are color coded red, white to match audio connectors on typical equipment
- **Varied Selection of Lengths** - Available in lengths of 3 to 50ft (0.9 to 15.2m)

CONFIGURATIONS

C-A35M/2RAM-3	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-6	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-10	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-15	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-25	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-35	3.5mm (M) to 2 RCA (M) Breakout Cable
C-A35M/2RAM-50	3.5mm (M) to 2 RCA (M) Breakout Cable
