Elevate your
Creative workflow

P31 External SSD

VERSATILE DESIGN

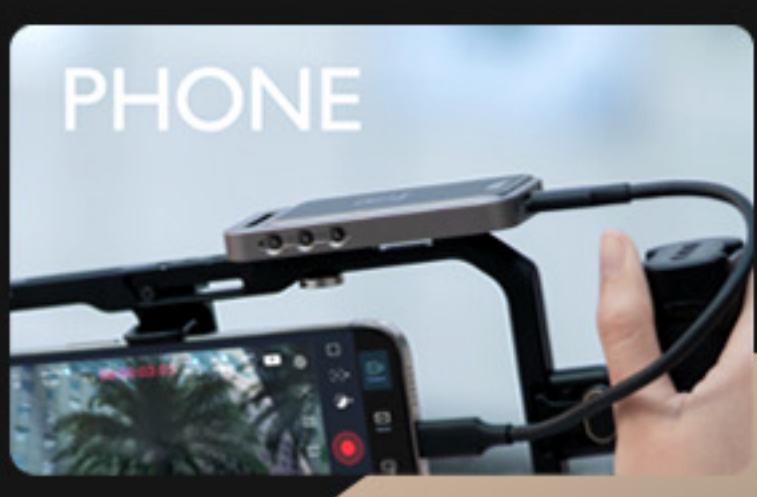
COMPACT & PORTABLE

INSTANT BACKUP

Redefining performance and efficiency designed for professionals, P31 offers unparalleled speed, storage, and reliability.

Its compact design, high-efficiency components, and cutting-edge technology make it ideal for intense workloads, ensuring seamless data handling and workflow optimization.

- If the product gets wet, please ensure it is completely dried in a shaded area before reconnecting to any device.
- The product maintains normal operation and can be used after a 2-meter drop onto carpeted ground, but this doesn't guarantee no damage or data loss in all conditions.



FEATURES

CNC MACHINING

CNC-machined aluminum case for better heat dissipation

PATENT 1/4" SCREW HOLES

Seamless integration with professional cages

IP67 CERTIFICATION

Ensuring protection from dust and water, perfect for any environment.
