

iLoud MTM Wall/Ceiling mounting bracket

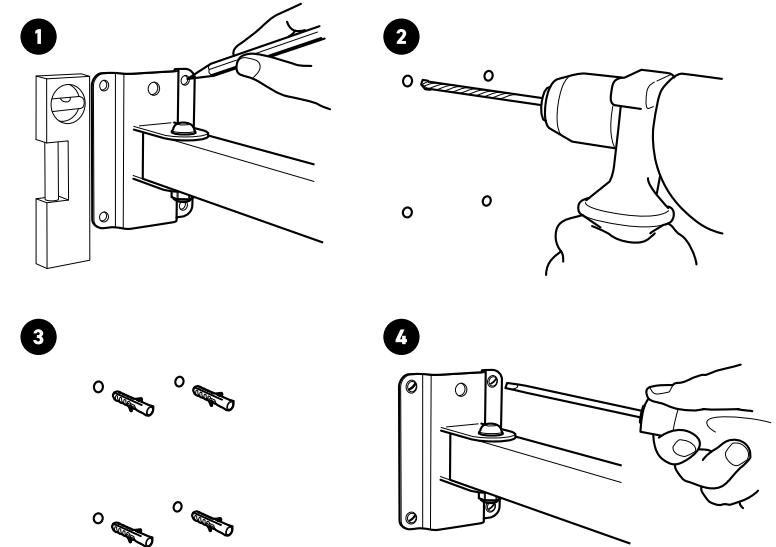

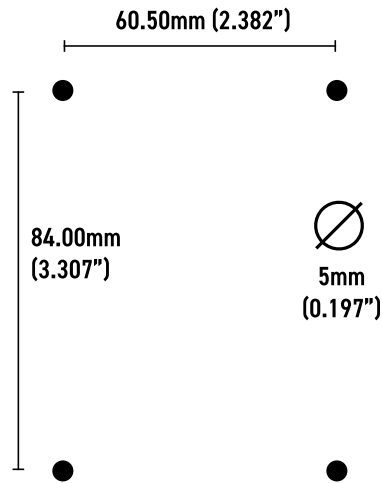

What's in the box

- 1 x iLoud MTM Wall/Ceiling Mounting bracket
- 2 x Wrench
- 1 x Hex key

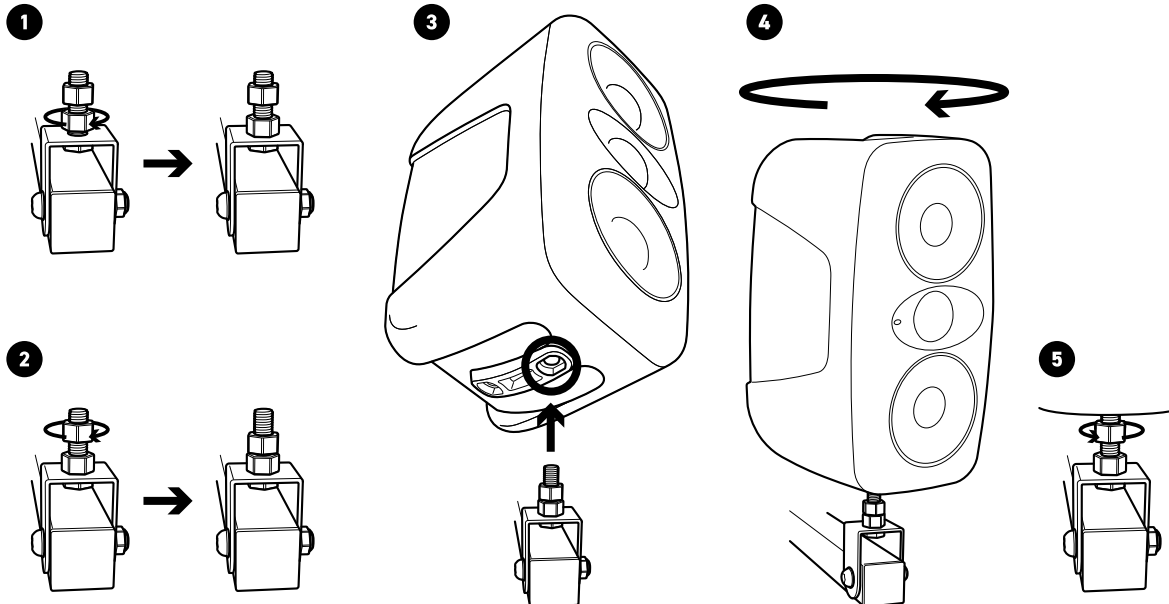

Safety instructions

- Max. load capacity: 2.5 kg / 5.51 lb.
- Check the mount for damage before and after use. Damaged mounts must not be used again.
- For indoor use only.
- Use four anchors per bracket of proper type depending on the wall material. If in doubt, ask a professional.
- Walls that are too weak are unsuitable.
- Choose a position and mounting method compliant with local building codes and regulations.
- Pay attention to power and water lines. If in doubt, consult a specialist.
- Check the strength and condition of the components and the screw fittings at regular intervals.
- Attentive handling required, as the adjustment possibilities pose a pinching hazard.
- In the case of installation in public event and production facilities, consult your local regulations.
