NEW

Red-Diamond Series

The Red-Diamond filter series from Haida is the latest release and is sure to be a big hit with Landscape Photographers.

Just like red diamonds, **"the hardest and strongest of all diamonds"**, our new filters have been put through a special process which make them the strongest filters on the market today.

Shock Proof | Anti Color Cast | Anti Reflection Design | Anti Optical Glare

Haida®

M10 Filter Holder System

The new M10 Filter Holder allows for **fast filter installation** and ease of operation. Featuring a new **quick release** design. First install the adapter ring, then the holder, then it's just an easy **"Drop-In"** process to inserting filters.
