Passive Volume Control

User Manual

VOL-MATE-X, VOL-MATE-P,
VOL-MATE-R

Thank you for choosing Kopul.

Kopul's VOL-MATE series of passive volume controllers can be used to precisely control volume between devices in virtually any setup. It adds the convenience of adjusting volume without accessing computer, sound card, camcorder, or cable box controls.

The passive design won't alter or color the audio signal, so you'll hear exactly what's coming from your source device. Rubber feet make these volume controllers handy desktop and workstation accessories that won't slip, even on a highly polished surface. Compact, lightweight, and sturdy steel construction makes the VOL-MATE series road-ready and dependable.

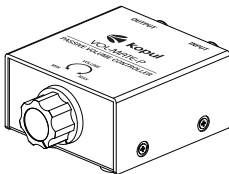

Precautions

- Please read and follow these instructions, and keep this manual in a safe place.
- Keep this unit away from water and any flammable gases or liquids.
- Do not attempt to disassemble or repair the equipment—doing so will void the warranty, and Kopul will not be responsible for any damage.
- Use only the correct, recommended voltage.
- Clean the unit with only a soft, dry cloth.
- Exposure to high sound levels can cause permanent hearing loss. Avoid listening at high volumes for extended periods of time.
- All images are for illustrative purposes only.

Setting up the VOL-MATE

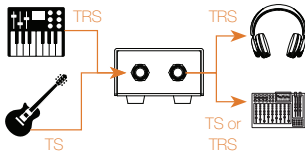

Important! The VOL-MATE volume controllers do not amplify sound.

- Set the volume of your source device to the maximum desired volume.
- At maximum volume, the VOL-MATE duplicates the volume of the source device.
- Turning down the volume knob attenuates the audio signal. At minimum volume, it mutes the volume.

VOL-MATE-P

Use 1/4-inch TRS (stereo) or TS (mono) cables to control the volume of a mono or stereo signal.

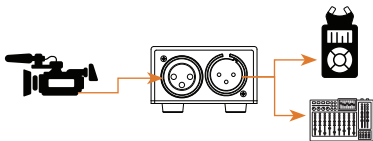

VOL-MATE-R

Place the VOL-MATE-R in the signal path between devices that use stereo RCA connectors.

VOL-MATE-X

Use 3-pin balanced XLR cables to connect a balanced audio source to a recorder or mixer.

One-Year Limited Warranty

This KOPUL product is warranted to the original purchaser to be free from defects in materials and workmanship under normal consumer use for a period of one (1) year from the original purchase date or thirty (30) days after replacement, whichever occurs later. The warranty provider's responsibility with respect to this limited warranty shall be limited solely to repair or replacement, at the provider's discretion, of any product that fails during normal use of this product in its intended manner and in its intended environment. Inoperability of the product or part(s) shall be determined by the warranty provider. If the product has been discontinued, the warranty provider reserves the right to replace it with a model of equivalent quality and function.

This warranty does not cover damage or defect caused by misuse, neglect, accident, alteration, abuse, improper installation or maintenance. EXCEPT AS PROVIDED HEREIN, THE WARRANTY PROVIDER MAKES NEITHER ANY EXPRESS WARRANTIES NOR ANY IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. This warranty provides you with specific legal rights, and you may also have additional rights that vary from state to state.

To obtain warranty coverage, contact the Kopul Customer Service Department to obtain a return merchandise authorization ("RMA") number, and return the defective product to Kopul along with the RMA number and proof of purchase. Shipment of the defective product is at the purchaser's own risk and expense.
