

Flipside Series

The world's #1 photo backpack just got better.

The redesigned Flipside AW II series brings a similar look and feel throughout the line with fabric and design upgrades including laptop/tablet capacity in all sizes, while retaining the security and ease of access of our signature flipside design.

- High-Capacity, dynamic storage system adjusts to fit a wide range of gear plus dedicated laptop storage.
- Signature flipside design provides increased security through body-side points of entry and full access to gear without setting the bag down.
- Full structure and padding with All Weather AW™ Cover provide premium protection from the elements.
