Dual V-mount Adapter INTRODUCTION

THANK YOU FOR CHOOSING GENARAY

Genaray's BA-VMOUNT and BA-VMOUNT-E are dedicated dual V-mount battery adapters that are powered by two 14.4-14.8-volt batteries. The BA-VMOUNT-E is equipped with a 24-volt output that will power Genaray's Endeavor 150-watt LED monolight. The BA-VMOUNT is outfitted with a 60-volt output to power Genaray's Powerhouse 330-watt LED monolight. Three- and five-pin XLR cables are included for connection to your Genaray fixture. The light-stand clamp allows you to conveniently secure the adapter to a light stand to keep it out of the way and avoid cable clutter.
