SpiderCrab SA-32

Spider Crab Support Rod 32"
User Manual

IFOOTAGE

Thank you for purchasing this iFootage product. To get the most from your Spider Crab Support Rod, please read the manual carefully prior to operating the equipment and keep the manual safe for future reference.

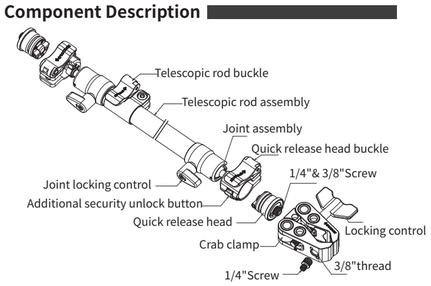

Features

1. Modular design with removable quick release head: ideal for attaching and supporting a variety of devices.
2. The quick release head has an easy to use semi-circular locking system to secure your accessory/equipment. It can also be locked using the tool hook or a slotted screwdriver.
3. Extra safe security buckle lock system ensures absolutely no movement and total security.
4. The attaching clamp is available for ∅20~∅48tubes, and is compatible with the majority of tripods.
5. Super compatibility: both joints offer a choice of 1/4" and 3/8" threads.
6. Patented design joint is quick and easy to use.

Technical Information

Model	SA-32	Mount thread	1/4"and 3/8"thread
Weight	660g	Crab clamp adjustable range	∅20~∅48 tubes
Material	Aluminium alloy	Telescopic range	52.8-81.3cm

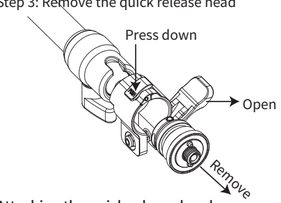

Component Description

Installation And User Guide

01 Removing the quick release head

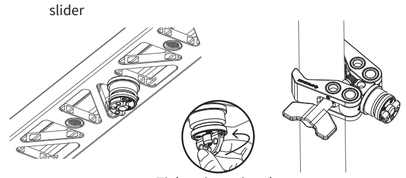

Step 1: Release the buckle lock
Step 2: Press down on the security lock button
Step 3: Remove the quick release head

02 Attaching the quick release head

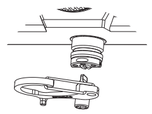

Insert quick release head into thread on underside of slider and tighten using the semi-circular locking system at the rear of the quick release head.

Attaching the quick release head to a camera slider　　Attaching the quick release head onto the crab clamp

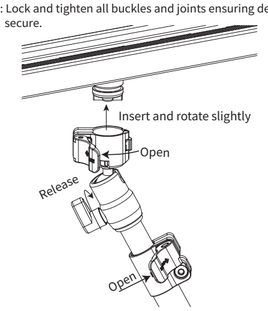

Installation And User Guide

Alternatively, it can be locked using the tool hook or a slotted screwdriver.

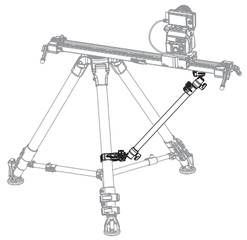

03 Installing the quick release head

Step 1: Open and release the 3 buckles in the ends and middle.
Step 2: Carefully attach the locking system to the quick release head and rotate slightly to ensure a perfect fit around the quick release head.
Step 3: Lock and tighten all buckles and joints ensuring device is secure.

Installation And User Guide

04 Using the spider crab rod to support a slider
