

COHH-FD1

Clamp-On Folding Headphone Holder

Owner's Manual

Thank you for choosing Auray.

The Auray COHH-FD1 is a versatile headphone holder that can be mounted to any horizontal or vertical surface. Its sturdy aluminum alloy construction will hold loads up to 11 pounds while its rubber padding protects desks and other surfaces from scratches. The holder flips down to support headphones on the arched padded cradle that will preserve your headphone's leather. Even if there's a tug or bump, the holder's raised lip will prevent headphones from slipping off the arm. Slots are designed for earbud storage or cable management. When you're finished, the holder flips up to stay neatly out of the way until you need it again.
